

Coppermine 4 Seasons Case Study

Pickleball LED Lighting

Mledtech System (14) RT410FL-260W + Remote Wireless Controls

Customer Profile

Coppermine 4 Seasons is located in Carroll County, Maryland and houses a myriad of sports, lifestyle, and wellness experiences for the entire family.

Scope of Work

With the popularity of outdoor pickleball growing rapidly nationwide, Coppermine 4 Seasons was looking to add lighted with a networking control system for designed to schedule events and to turn the lights on and off remotely for evening play. Our in-house design team quickly came up with a lighting layout, and our on-site commissioning team helped to ensure the fixtures were properly aimed and working in conjunction with the control system.

The Solution

Our RT410FL-260W sports lighting, coupled with a control system to allow for scheduling and remote on/off from a computer or smart device was the exact product needed to achieve the desired light levels and ease of controllability.

The Results

Mledtech approaches each project as a unique opportunity to exceed the customers', the players' and the observers' expectations in terms of improved lighting delivered, improved visual comfort and operational savings. Our process steps help streamline this effort. We will meet directly with financial decision makers to go over final proposal in detail. Mledtech will work with the customer's contractor to provide them with detailed computer aiming points which can be set while on the ground.
